2. Government regret to observe that Budget Statement No: I, ~~does not appear to have been properly~~ has been correctly prepared in accordance with the instructions contained in official Memorandum No. 467-70/167 dt 8th Dec 1899 It is not clear nor is it explained how the probable collections

of the 2nd half of the year 1900-1901 entered in column 5 of the Statement have been arrived at. The actual collections of the latter half of the year 1899-1900 will be substituted for figures in that column as probable collections.

3. ~~Receipts~~ I Octroi. The proposed estimates under the marginally noted sub heads are not supported by the actuals of 1899-1900 and probable collections of 1900-1901 nor is it explained ~~under what special circumstances~~ Why such big liberal estimates

have been framed. As no special reasons have been assigned for expecting increase over the actual collections of 1899-1900 and the probable income of 1900-01 the estimates will be reduced as specified against each item. It is noted that the revenue from Bran, oats and chaff is only nominal and that from Horse grain is small, as the Commissariat Department in the Civil and Military Station is now making arrangements to manage departmentally the supply of horse grain required by the Department and every cart load imported will be taken away there free of duty

4. II Tax on houses buildings and lands and lighting Tax. The actuals of 1899-1900 and probable collections of 1900-1901 were only Rs. 22604 and 24743. It does not therefore appear safe to anticipate more than Rs. 25000, under these in the current year. The President is requested to state the actual Jamabandi for the year and to report why the estimates should not be reduced. Pending information, the estimate of Rs. 36000 will be retained tentatively.

Subject to further information from the President, the figure is retained

5. III Licence Receipts

An estimate of Rs. 25,500 as against Rs. 26,500 sanctioned for 1900-1901 is entered in the present Budget, the decrease

being due to the diminished consumption of arrack since the appearance of Plague. As the average of the past two years collection comes to only Rs. 19,218, owing to the decrease in the consumption of arrack ~~since the appearance of Plague~~, it should be explained why the proposed estimate should not be reduced to Rs. 20,000. Pending further information the estimate will stand.

The ~~increase~~ average of the past two years gives a smaller figure (Rs 19218), but the larger expectation is presumably based on the belief that there will be some recovery & the consumption there may be a return to the state of demand previous to the Plague period. The estimate is retained as proposed.

6. IV. Tax on Vehicles and Tolls. The estimate under Tax on Vehicles, which includes the income hitherto realized from Mohatarfa, Cart tax, as well as that under Tolls is not supported by the actual collections

lecila duction of these 2 items

The increase expected under oil mills being however small, ~~the~~ it increase is allowed, but the large estimate under Shop tax will have to be reduced to 7,000, unless special reasons exist for anticipating such a large increase which the President is requested to explain. Pending information the estimate will not be ~~disturbed~~ altered

9. Opening Balance.

The estimate under Opening balance has not been correctly given. As the actual balance on 1st July 1900 as per Comptrollers account was only Rs. 24,661 and the sanctioned estimate of receipts and expenditure

Actual balance on 1 July 1900 = 24,661.
Add estimated receipts for 1900-1901. ... 197524

for 1900-1901 were respectively Rs: 19,524 and Rs: 21,838, the correct ~~estimate of~~ opening balance should be Rs: 3,847 and not Rs: 24,669 as ~~proposed~~ Entered in the estimate. The former figure will be adopted in the present Budget.

10. Including the opening balance, the sum available for expenditure during the year 1901-1902, comes to Rs. 20,9811, whereas the proposed expenditure exceeds this sum by Rs: 6,966. The expenditure has therefore to be reduced to wipe off this deficit and to maintain the usual working balance.

11. I Interest on Debt and XI Miscellaneous Repayment of Loans Expenditure

The provisions made under these heads will be retained, pending the receipt from the Comptroller of a Statement shewing the amounts payable by this Municipality on account of principal and interest due on loans sanctioned by Government.

12. II Head Office. The present Budget provides for the monthly allowance of Rs. 50/- sanctioned to the Vice President in Proceedings No: 10892-3 & 6.99 dy 20" February 1901, as also for the salaries of his 3 orderly peons, in lieu of 10 orderly peons of Municipal Commissioners, who were ordered to be withdrawn in Proceedings No 17345-47 & 127-94 dy 26" June 1901. The President is therefore requested to state why the item ~~may~~ not be struck out. Pending information the provision will not be disturbed. The ~~x~~ marginally noted establishment costing Rs: 732 per annum sanctioned temporarily for 6 months in Proceedings No. 575-6 / 194-94 dy 14th July 1900 and continued for a further period of 6 months ending with 30th June 1901 in Proceedings No: 837-8 / 194-94 dy 5th January 1901 has been provided for in the present Budget, as their retention for a further period of 1 year is stated to be indispensable in the interests of the Abkari revenue. 14 VI. Health Office. The present Budget provides ~~outlay~~ Rs. 1800, on account of the allowance of the Health Officer at the sanctioned rate of Rs. 150 per mensem in lieu of Rs. 2400 provided in the Budget for 1900-1901. This accounts for the decrease under this head, which is passed.

15. VII Lighting. The provision under this head includes the salaries of 2 Lighting Inspectors for 6 months at the usual rate of Rs: 15 each and at 20+10 Rs: for the remaining 6 months as specially sanctioned in Govt. Proceedings No. 8669-70 & 186-93 dt 7 January 1901 and is allowed.

16. VIII P. W. (a) Supervision. It is proposed to reduce

1st salary of the Wakdeman of the Dharmambudi Tank feeder channel from Rs. 8 to 7 per annum; that of the Tobi attached to the same being raised from 6 to 7 so as to involve no extra cost to the Municipality. The necessity for the continuance of these servants requires explanation. Pending information ~~as to~~ the estimate will stand.

The provision made on account of the Water-man on 6 Rs. per mensem and increase of Rs. 3 to the Sudra Warder of the Epidemic Disease Hospital ~~and~~ sanctioned in Proceedings No. Pg 543-5 d/ 15th Nov. 1900, accounts for the increase under this head, which is shared, 19 X Education. The increase provided under this head is on account of increased rates of salaries and of House rent of the Chamarajendra-pete Anglo Vernacular School sanctioned in Proceedings Nos. 8073-1 & 9824-5 respectively L.Dis. 1750-99 L.Dis. 1747-96 M. the 15th Dec. 1900 & 6th Jan. 1901. The provision is allowed

20. XI Miscellaneous A Sum of Rs 1000 is provided under this head on account of prepayment of deposits without corresponding entry on the side of receipts. As this is not a legitimate source of revenue or expenditure, the necessity for the insertion of this item should have been explained. Pending such information, which should now be furnished, the provision will stand.

21. The Budget estimates of the Bangalore City Municipality for 1901-1902 as above revised, providing for an income of Rs 209,811 and an expenditure of Rs 2,05,048 are sanctioned provisionally as per detail given

× This word is used with reference to the last para of the order prepared in accordance with the Council resolution and Government

appendices with the following observations.

(1) ~~That Government~~ direct that, under Sec 93 of the Amending Municipal Regulation etc VII of 1890 the expenditure incurred in opening the congested parts of the Bangalore ~~City out of the~~ loan ⊕ of Rs 99,054 sanctioned in Pro etc No $\frac{4916\text{-}18}{L.F\ 43\text{-}98}$ dt 5-10-00 ~~should~~ be paid in full by the Municipality.

steps to improve their
revenue and suggest means
to effect the same. [illegible] taxation per head

[illegible] on the

estimated revenue for 1901-1902 is Rs 2-5-0½ which is less than that for the ~~wrong calculated~~ Local Stations of Bombay, Madras, Poona and Bombay as shown in the margin.

(1) Local Stations Rs 3-3-4 1901-1902
(2) Madras for 1899-1900 2-4-7
(3) Poona in 1894-1900 2-0-7
(4) Bombay in 1896-97 5-14-11

This is by no means too high, as the C.P.W. has an average tax of Rs 3-3-4 per head, while the tax of Bombay is so much as Rs 5-14-11.

5. That, if the above two items of expenditure (2) & (3) proposed to above ~~observations~~ ~~(2) and (3)~~ are provided for and the provision under "VIII Public works (b) to (o)" is fixed at Rs 39,960 as in the present Budget, there will be a deficit of Rs 52,367. Sir,

With reference to Government Proceedings No. 9938-42 / L.J. 11-1901 dated the 21st December 1901 passing orders on the Budget estimates of Receipts and Expenditure of this Municipality for 1901-1902 with certain observations and directing, among other things, the reservation of Rs 56130/- for the maintenance of the Water Works establishment and submission of a revised Budget, taking steps to make up the required deficit by improvement in the Municipal revenue & reductions

on the existing Establishment, I have the honour to state that the subject was placed before the Board at the meeting of the 19th December last, when it was referred to a Sub-Committee for a report suggesting ways and means for the improvement of the Municipal Revenues and reduction of Expenditure While Considering the proposals of the Sub-Committee which recommended the reduction of certain Establishments the Board at the meeting of the 27th February 1902 resolved that before revising the Budget, the Government be addressed regarding the inability of the Board to bear the charge of Rs 56,130/- now demanded for water supply. The Board are of opinion that out of Rs 56,130/- ordered to be reserved for the purpose, the Cost of supervision

alone amounts to Rs 3,000/- which appears to be unduly heavy that out of water now lifted and distributed by the Establishment maintained at present, a Considerable portion is supplied to the Institutions which are outside the Municipal limits and over which the Board have no Control.

In Consideration of these facts and the present embarrassed Condition of the Municipal finances, the Board beg to be informed of the minimum amount the Government are pleased to accept as their share of the Water Works Charges, as an annual Contribution of Rs 25,000/- is the utmost that the resources of the Commission

BANGALORE.

Sir,

With reference to correspondence ending with your docket No: 18677/L.J 11-1901 dated the 29th May 1902, I have the honor to submit herewith a copy of the Boards resolution dated the 28th June 1902 approving of the accompanying report of the Sub-Committee proposing certain reduction of Establishment, together with the revised Budget for 1901-1902 prepared in accordance therewith for the early sanction of Government. The total receipts of the revised Estimate come to Rs 19295 reasons for adopting under several heads of revenue figures which slightly vary with those mentioned in the Government Proceedings No: 9938-42/L.J. 11-1901 dated the 21st December 1901 being given in detail in the report of the Sub-Committee referred to above.

The estimated expenditure is the same as was shown in the original Budget i.e. Rs 20,5048/- as the proposals of the sub-committee regarding reduced expenditure were not approved by the Board before the close of the last official year

As the preparation of the Budget for 1902-1903 depends on the orders of Government on the Board's resolution herewith submitted, I beg that early sanction may be kindly obtained to the revised Budget-

I have the honor to be

Docket No, 18677—L. F. 11-1901 dated the 29th May 1902, from the Secretary to the Government of Mysore in the General and Revenue Departments, calling for the immediate submission of the revised budget for the current year as also the budget for the year 1902-03, prepared as per instructions laid down in para 21 of the Government Proceedings No 9958-4—L. F. 11-01, dated the 21st December 1901.

Proposed by Mr. Krishna Murthi and Seconded by Mr. Venkata Char that Government should not be asked to relieve the Municipality of the Educational Charges. The motion was put to the Meeting and was lost, only three being in favor of it.

Proposed by Mr. Aga Abdulla Sahib and Seconded by Mr. Veeraboraya Chetty that the proposals of the Sub. Committee to reduce the pay of the Municipal Executive Engineer should not be accepted. This proposal was also lost only three having voted for it.

Then the Question of accepting the Sub-Committee's report containing certain proposal for the reduction of Establishment was put before the Board. It was accepted by the majority and it was accordingly

to forward the same to Government with the following observation:-

The Board would, in accepting the report of the Sub-Committee, respectfully represent to Government that even after making the utmost reduction possible, they are not in a position to meet the sum of Rs 56,000/- on account of Water Charges. They however think that a sum of Rs 25,000/ or 30,000/ could be paid; but even this will impair the efficient working of some of the Departments
